Lecturer Detail

Instructor Detail

This is the short explained view of the System. In registration frame has the basic details of the students.

course enrollment and assignment marks are in the course frame.admin can change the datas of persons in university.bachelor course students have 2 optional,1 compulsory subjects.all compulsory subjects

are 8 credits in this system. and all optionals are 3 or 4 credits. the details of the subjects are viewed in table.

then the student can insert subjects.

If we want to delete data of the students then we remove data from course frame and registration

frame seperatly.Engineering faculty has 2 courses.And the Schools of Computing,Business have 1 courses.
